These look good.

Thank you,
Sean

Good Morning Chief Toomey,

-

I have attached a copy of the fire engine turning plans for the sites located at 9 Rt 103 West. We used a 10 wheel pumper vehicle that is 45 feet long. It may be bigger than the pumper you have, but we wanted to be conservative.

-

I am dropping several hard copies of these plans at the planning office. If you have any questions, please let me know. We would appreciate you letting the planning board know that you don't have any concerns.

-

Thank You

-

Ben Osgood
